

Looking for a unique venue for your next function?

Whether you are looking for a location for a working lunch meeting, an evening social venue, a team building private wine tasting or a private dining room for a formal sit-down dinner, 13th Street Winery's contemporary country winery is the perfect blend of relaxing ambiance and understated elegance. Combine this with award winning wines and superb cuisine and you have the makings of an unforgettable gathering.

Our new **Tasting Bar & Wine Boutique** boasts a contemporary, stylish space with an expansive tasting bar and floor to ceiling windows on two sides. The interior fixtures are portable allowing an expansive open space that can accommodate groups up to 120 guests in a cocktail style reception or tables and chairs can be arranged to host a sit-down meal.

The original turn-of-the-century **Farmhouse** includes a **private gallery room**; the focal point of which is a magnificent half-ton solid Indonesian hardwood harvest table which seats twenty guests. The wrap around verandah offers an idyllic setting to sip a glass of wine whilst admiring the stunning views of the potager and flower gardens and rural countryside.

Our newly expanded **Production** building was designed to accommodate groups looking for an authentic winery experience set amongst the tanks and barrels within the working facility. Featuring a wall of glass looking onto our grounds and vineyards the open space can be transformed to suit a variety of different groups

WEDDINGS

fête

inspired people.
unforgettable events.
