TASTING & FOOD NOTES

Our June's Vineyard Riesling offers forward aromas of sweet fruit blossom, candied lemon, light green herb and mineral aromas. Tangy, very fresh and light to medium bodied with a pleasing hint of residual sweetness and a nice core of stony acidity. A wine with good persistence and complexity, it is excellent alone now or serve chilled with seared scallops and basil butter, smoked fish on crunchy bread and a wide assortment of fresh salads.

WINEMAKING NOTES

June's Vineyard is a unique site with significant quantities of decomposed yellow limestone mixed with the clay loam soils. This gives the wines an extra dimension of stony minerality on top of the forward fruit and flower aromas. Named after one of the owners of the winery this site, which was planted in 1999, continues to deliver exceptional Riesling, Chardonnay and Cabernet Franc making some of the most distinctive wines in our portfolio. Clone 49 Riesling is an old Alsace clone and its trademarks are exceptional fruit and floral character with an appealing green herbal note in young wines. We continue to work very hard to capture the very best expression of this site vintage after vintage.

In his 2014 book, *The Best White Wine in the World*, Stuart Piggott says of our 13th Street Riesling, "...the best genuinely dry Riesling produced on the Niagara Peninsula." Of our June's Vineyard Riesling he says, "almost as dry and almost as impressive is the equally powerful June's Vineyard Riesling."

VINTAGE NOTES

2013 was a fairly typical vintage in Niagara with a roller coaster of rain, sun and humidity challenging wine growers across the peninsula. Fortunately, lots of spring rain and limited frost during bud burst and flowering meant healthy plants with significant crop loads. The vines were in a good position in the fall to deal with the random rain and humidity that is common in the area and when all was said and
